Learning in Sycamore Class

In maths we have been learning about teen numbers. We have been finding different ways and using different resources to make teen numbers. Then we consolidated our learning with a Numicon and number matching game.

In Art we have been using water to experiment changing the consistency of paint. We have used different amounts of water to make the paint thinner and lighter. We challenged ourselves to see how many different shades of blue we could create just by adding different amounts of water.

In Literacy we have been using our knowledge of verbs to make our sentences more interesting. Here we are working with our partners, adding exciting verbs into parts of our new class story - The last stop on market street.

Our Christian Value this term is: Endurance

Dear God,

Thank you for helping us be kind to each other.
Sorry for not taking our time.
Please help us be more resilient.

Amen
