Sycamore Plant Detectives

Year 1 children have been plant detectives in Science. The children looked closely at garden plants around the school, including flowering plants, learning their names and they made simple comparisons. By the end of this lesson they understood that garden plants are different, but have some similarities.

Dear God,

Please let people help one another. Thank you for people who continue to be kind. Sorry if people are cruel sometimes. (Sumairaa, Y4)

We feel very sorry for all of the homeless people living in the streets. Please try to make sure that people in the world do not just walk past them, because they need food, money, water, clothes and love. Thank you for the nice people who donate things to charity and who help people with disabilities. (Khadijatu, Y4)

Thank you for all of the people in the community who help us. Please let us continue to be mindful of people who are in need. Please help us to give more and more to charity and to provide food for everyone. (Khadijah, Y4)

Our Christian Value this term is: Creation.
